Movant,

v.

DELPHI AUTOMOTIVE SYSTEMS USA, L.L.C. dba  
Delphi Automotive Systems, L.L.C.  
Respondent.

**NuTech Plastics Engineering, Inc.’s Motion for Relief from the Automatic Stay  
in Order to Continue Prepetition Breach-of-Contract Case against  
Delphi Automotive Systems USA, L.L.C. and General Motors**

NuTech Plastics Engineering, Inc. (“**NuTech**”) moves for relief from the automatic stay to allow its pre-petition breach-of-contract case against Delphi Automotive Systems USA, L.L.C. (“**Debtor**”) and General Motors, which was filed in 2002 and set to begin trial shortly after Delphi filed its chapter 11 petition, to proceed. To support its motion, NuTech states:

### **Jurisdiction and Venue**

1. This Court has jurisdiction over this matter under 28 U.S.C. §§ 157 and 1334. This is a core proceeding under 28 U.S.C. § 157(b)(2)(A) and (G). Venue is proper in this Court pursuant to 28 U.S.C. §§ 1408 and 1409.

### **Statutory Predicate for Relief**

2. The statutory predicate for lifting the automatic stay is 11 U.S.C. § 362(d).

### **Motion**

3. NuTech is the plaintiff in a lawsuit against Debtor and General Motors Corporation, Case No. 02-075335, which now is pending in the Genessee County (Michigan) Circuit Court (“**NuTech’s Case**”). NuTech filed this case on December 20, 2002. Ex. A, Schwartz Aff., ¶ 4; Ex. A-1, Complaint. Three years later, the trial in NuTech’s Case was set to commence on November 22, 2005, six weeks after Debtor filed for bankruptcy. Ex. A-2, Notice to Appear for Jury Trial, June 8, 2005; Ex. A, Schwartz Aff., ¶ 9.

4. In response to Debtor’s bankruptcy case and GM’s motion to stay NuTech’s Case until Debtor emerged from bankruptcy, the trial court put NuTech’s Case on an administrative hold. Ex. A-7, Order, Nov. 21, 2005; Schwartz Aff., ¶¶ 11-12.

5. NuTech alleges that Debtor and GM breached a contract to purchase automotive parts from NuTech by failing to purchase the parts and by removing equipment from NuTech necessary for NuTech to produce the parts, after NuTech had increased its manufacturing capability to satisfy Defendant’s production demands. Ex. A, Schwartz Aff., ¶3; Ex. A-1, Complaint, ¶¶ 7-9 and 12.

6. The Second Circuit has adopted the factors set forth by Judge Clark in *In re Curtis* to determine if the automatic stay should be lifted to allow prepetition litigation against Debtor to continue. *In re Sonmax*, 907 F.2d 1280, 1286-87 (2d. Cir. 1990) (applying *In re Curtis*, 40 B.R. 795 (Bankr. D. Utah 1984)).

7. As set forth in greater detail in the attached Memorandum of Law, relief from the automatic stay is appropriate here because all of the applicable *Curtis* factors are satisfied. NuTech's Case should continue so that NuTech's claims against Debtor can be liquidated through the litigation and then be administered under Debtor's chapter 11 plan.

8. Lifting the automatic stay to allow a prepetition breach-of-contract case against a debtor to continue is appropriate where (as here) the case was on the eve of trial when debtor filed its bankruptcy petition. *In re Burger Boys*, 183 B.R. 682, 688 (S.D.N.Y. 1994) (affirming Bankruptcy Court decision to lift stay). The prejudice of further delay to NuTech would be severe. One of NuTech's former owners and a likely witness, John Mailey, has medical problems that are so serious that trial had to be adjourned once already because he had suffered a stroke. Ex. A, Schwartz Aff., ¶16.

9. Neither Debtor nor its bankruptcy counsel will be distracted by a state-court suit in which discovery and all other pretrial preparations were completed long ago. NuTech's Case is ready for trial, and has been for some time. This court should allow the trial to proceed now.

10. At the very least, the automatic stay should be lifted to allow NuTech's claims to proceed against Debtor's co-defendant, GM. The automatic stay does not apply to non-debtor co-defendants. *Queenie, Ltd. v. Nygard Intern.*, 321 F.3d 282, 287 (2d Cir. 2003).

**Memorandum of Law**

11. NuTech's motion is supported by the attached Affidavit of Jay Schwartz and a Memorandum of Law, which have been contemporaneously filed and served with this motion.

FOR THESE REASONS, this Court should lift the automatic stay to allow NuTech Case's to continue, and grant NuTech all such other and further relief as is just, proper or appropriate in these premises.

Dated at Denver, Colorado this 3rd day of July 2006.

**Aff. of Jay Schwartz in Support of NuTech Plastics Engineering, Inc.'s**

**Motion for Relief from the Automatic Stay to Continue**

**Prepetition Breach-of-Contract Case against**

**Delphi Automotive Systems USA, L.L.C.**

I, Jay Schwartz, swear and affirm, based on my own personal knowledge that:

1. I am an attorney who is licensed to practice law in Michigan. I graduated from Wayne State University Law School and was admitted to the Michigan Bar in 1991. I have practiced law full time in Michigan since then.

2. I represent NuTech Plastics Engineering, Inc. ("**NuTech**") in Case No. 02-075335, NuTech Plastics Engineering, Inc. v. Delphi Automotive Systems USA, L.L.C. and General Motors Corporation, which is pending in the Circuit Court for Genessee County, Michigan ("**NuTech's Case**"). I have represented NuTech in NuTech's Case since its inception. As a result, I am personally familiar with the substance of NuTech's claims in NuTech's Case, the procedural background of and developments in NuTech's Case, and how NuTech's Case was and is affected by the chapter 11 bankruptcy petition that Delphi Automotive Systems USA, L.L.C. ("**Debtor**") filed on October 8, 2005.

3. NuTech's Case involves two straightforward claims for breach of contract and promissory estoppel against Debtor and GM. These claims allege that Delphi and GM breached a contract to purchase automotive parts from NuTech by failing to purchase the parts and by removing equipment that was necessary for NuTech to produce these parts, after NuTech had increased its manufacturing capability to satisfy Defendants' production demands.

4. NuTech filed its Complaint against Debtor and GM on December 20, 2002. A true and accurate copy of NuTech's Complaint is attached hereto as Ex. A-1.

5. Pursuant to the Court's amended case schedule, all discovery was to be served and conducted until December 7, 2003.

6. After discovery was concluded, Defendant filed a motion for summary disposition.

7. On April 7, 2005, the trial court denied Defendants' motion for summary disposition. A true and accurate copy of the court's order is attached as Exhibit A-2.

8. On April 18, 2005, the trial court denied Defendants' motion for reconsideration of the court's denial of Defendant's motion for summary disposition. A true and accurate copy of the court's order is attached as Exhibit A-3.

9. On June 8, 2005, the trial court sent a Notice to Appear for Jury Trial on November 22, 2005. A true and accurate copy of the court's order is attached as Exhibit A-4.

10. On August 5, 2005, the Michigan Court of Appeals denied Defendants' Application for Leave to Appeal the trial court's order that denied Defendants' motion for summary disposition. A true and accurate copy of the Michigan Court's of Appeal's Order is attached as Exhibit A-5.

11. Debtor filed its chapter 11 bankruptcy petition on October 8, 2005. Shortly thereafter, on October 13, 2005, just a few weeks before NuTech's trial date, Debtor filed a Notice of Delphi Automotive Systems, LLC's Filing of Chapter 11 Bankruptcy Petition with the trial court. A true and accurate copy of this document is attached as Exhibit A-6.

12. Debtor and GM are represented by the same law firm. A few weeks before the November 22, 2005 trial, GM's counsel moved to stay the case until the conclusion of Delphi's bankruptcy. On November 9, 2005, the trial court conducted a conference with counsel for NuTech and GM and presented NuTech with a choice: it could either dismiss its claims against Debtor and proceed to trial against GM on November 22, 2005, or if it refused to dismiss its claims against Debtor, the case would be administratively stayed against all defendants until Debtor emerges from bankruptcy. A true and accurate copy of

the Court's November 21, 2005, Order, which reflects NuTech's election to proceed against both Delphi and GM, is attached as Exhibit A-7.

13. It is my opinion that if Debtor's bankruptcy stay is lifted, NuTech would be permitted to immediately proceed with the case.

14. As a result of my 15 years of practicing law in Michigan, I am personally familiar with the procedures that the Genessee County Circuit Court (the court in which NuTech's Case is pending), and Michigan trial courts in general, use to assign trial dates for cases and how the time that a civil case has been pending affects the priority it receives for being scheduled for trial and for actually being tried. The Michigan Supreme Court requires each trial court judge to report to them on a quarterly basis all civil cases that are more than 2 years old and the reasons why they remain pending. In practice, these reporting requirements cause trial courts to prioritize the trial of those cases that have been pending the longest.

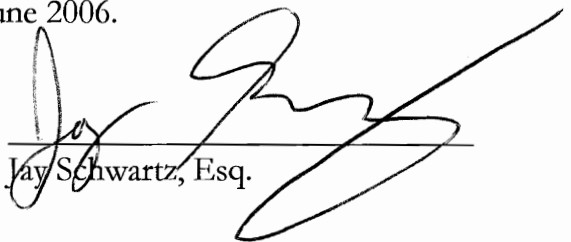

15. On June 15, 2006, I spoke with Karen Dearlove, the clerk for trial court judge who is presiding over this case. Ms. Dearlove told me that if the automatic stay was lifted, that NuTech's Case would move to the front of the line for civil jury trials with Judge Farrah because it would be one of his oldest cases. She told me that the next available civil jury term for the Genessee County Circuit Court is for September 2006. If the automatic stay is lifted, NuTech's case will likely be set for a jury trial in September 2006. Defendant's counsel and I had previously agreed that a jury trial it will likely take 4-5 days.

16. NuTech has been prejudiced, and will continue to be prejudiced, while its case is stayed. The transactions and/or occurrences in dispute happened in the late 1990s. Many

of the witnesses no longer work for the companies in the dispute and others could well leave, making their availability as a witness at trial a problem. Memories also tend to fade with time so delay may impair witness testimony. Also, one of NuTech's former owners and a witness that will most likely be called at trial, John Mailey, has serious medical problems – so serious that the trial had to be adjourned on one occasion due to his unavailability after having a stroke. NuTech is also being prevented from pursuing its claim against GM, which currently has the ability to satisfy any judgment. That could change in the future if rumors of its financial health are accurate and GM files for bankruptcy.

Sworn and affirmed before me this 16th day of June 2006.

**ORDER**

The defendant Delphi Automotive Systems, LLC has filed a notice informing the court that the action of the plaintiff against Delphi Automotive Systems, LLC has been stayed in the United States Bankruptcy Court. On November 9, 2005, the court

conferred with counsel by telephone. The court advised counsel that the case against General Motors could proceed if Delphi was dismissed as a defendant. If General Motors and Delphi are retained as defendants the case will be tried when Delphi is discharged from bankruptcy. The plaintiff elected to proceed against both defendants.

Accordingly, IT IS ORDERED that the action against General Motors is stayed until Delphi is discharged from bankruptcy. Thereafter, this case will be scheduled for trial.
